Course 2
EQS 111 - Equine Farm Operations II 2

Course

EQS 111 - Equine Farm Operations II

This course is a continuation of EQS 109. The course will expose students to additional elements of horse husbandry through lecture material and hands-on lab activities, with emphasis on more advanced horse handling and grooming techniques. Students will continue to complete hands-on hours with an assigned care horse as part of the course requirements. This course is required for all pre-equine students in order to be considered for entrance into the Equine Studies program.

Upon completion, students will be able to:

- Demonstrate appropriate horse handling skills for management procedures such as clipping, basic groundwork, and administering medications.
- Safely complete a designated truck and trailer driving course.
- Identify the major anatomical structures of the hoof and basic hoof care techniques.
- Demonstrate show grooming and braiding.

Grade Basis: L
Credit hours: 3.0
Lecture hours: 3.0
Lab hours: 0.0

Prerequisites:

- EQS 109 - Equine Farm Operations I
