Course 2
EQS 209 - Equine Farm Operations Management I 2

Course

EQS 209 - Equine Farm Operations Management I

This course will familiarize the student with different leadership styles and management techniques utilized in the setting of basic horse husbandry, emphasizing effective communication and teamwork. This course will serve as a foundation in theory and analysis to complement the co-requisite course (EQS 207 – Farm Operations Management Practicum I).

Upon completion, students will be able to:

- Identify effective techniques for communication, promoting engagement, and conflict management in a work environment.
- Prepare a weekly goal schedule and summarize the progress completed during the week.
- Analyze individual strengths and weaknesses in leadership styles and management techniques.

Grade Basis: L
Credit hours: 2.0
Lecture hours: 2.0
Lab hours: 0.0
